Exhibit 1 – Jayne Field

Overall Evaluation – Poor Condition

- Playing surface was hard and uneven.
- Playing surface needed new athletic mill (baseball infield surface material).
- Backstops had broken fences and broken boards.
- Low fences at the bench area did not provide adequate protection for players.
- Weeds were growing on the infield.
- Grass was growing through the cracks of sidewalks.
- Weeds were growing into the bleachers.
- Parking lot was filled with cracks with grass growing through.
- One restroom facility was closed and the outside walls were filled with graffiti.

Jayne Field bleachers with overgrown weeds.
